Dear Mother

8

Your favor was received & the three

papers sent in the East Boston bundle as you requested. I should like the three papers from England & Scotland. One paper a week or weekly Vintner will be sufficient. Please remit the sum necessary to your friend in London & I will hand it to you when I come to Boston in a week or two hence. I will send the papers in time for the Steamer duly directed. I will send you the back papers on the Sabbath in the next bundle.

About correspondence & matters & things in general I will talk with you when I come to Boston. I am very much occupied about this time & you will please excuse my hurried letter.

Affectionately Yours

W. H. Bidwell
